SUMMARY

VISIT -PORTFOLIO

I am a recent Economics graduate with a strong passion for the capital market, investment analysis, and data-driven decision-making. During my internship at Hijra Bank as an Investment Analyst, I gained hands-on experience in market research, financial modeling, portfolio evaluation, and data analysis. I am highly motivated to build a career in finance, eager to keep learning, and driven to contribute analytical insights that support strategic investment decisions.

EXPERIENCE

Investment analyst, intern at Hijra bank

March 2025 - june 2025

At Hijra Bank, I supported the investment team in evaluating potential investment opportunities, conducting market and financial analysis, and preparing detailed reports for decision-making. My role involved data gathering, building basic financial models, and assisting in portfolio performance reviews. I gained hands-on experience with risk assessment, investment strategy formulation, and compliance procedures, while enhancing my analytical, problem-solving, and reporting skills in a dynamic banking environment.

EDUCATION
